DANAH INTEGRATED FACILITY MANAGEMENT

Danah Integrated Facility Management

« *Creating Value for Clients* »

VISION

To lead the Saudi Facilities Management market as a preferred and trusted service provider by delivering cost effective, innovative and quality service; and by creating safe and better working and living environment.

MISSION

Provide exceptional and sustainable Facilities Management solutions creating value for our clients.

HARD SERVICES

Our Hard Services are based on state-of-the-art maintenance strategies, which increase equipment availability, reduce number of failures and down time, reduce maintenance cost and increase life span of assets. Our flexible delivery models and range of specialisms enables us to tailor cost-effective service to your contract, addressing the specific requirements at each of your locations.

- Building Maintenance
- MEP Systems Maintenance
- HVAC Systems Maintenance
- Low Current Systems maintenance
- Utilities and Infrastructure maintenance
- Civil Works

$$\text{Maintenance Efficiency} = \frac{\text{Maintenance Manhours}}{\text{Operating}}$$

$$\text{Maintenance Effectiveness} = \frac{\text{Operating Time}}{\text{Operating Time} + \text{Down}}$$

SOFT SERVICES

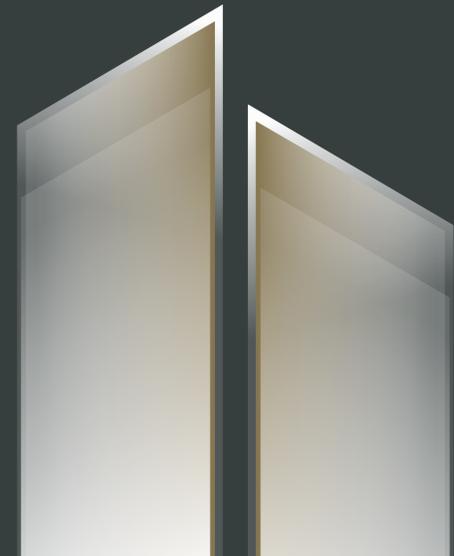

Being an accredited member of British Institute of Cleaning Science (BCIS), our Cleaning Teams deliver a healthy and welcoming environment for your customers and visitors. We know that a good consistent cleaning standard can make a big difference to people's perception of your business and its brand. Our housekeeping staff are trained to use the internationally recognized standards. Our trainers are qualified for 23 skill units as BICS accessors.

- Janitorial Services
